TECHNOLOGY DEVELOPMENT PACKAGE

PROFESSIONAL TECHNOLOGY. OBJECTIVE DEVELOPMENT. MEASURABLE RESULTS.

POWERED BY INDUSTRY-LEADING TECHNOLOGY

TRACKMAN BASEBALL | Rapsodo 2.0 | BLAST MOTION | ArmCare+ PERFORMANCE | TRAQ | SWING AI | TRAIN VR

Providing professional-level data and development for every Engaged Athletics athlete.

TRACKMAN

Professional-grade ball tracking used by MLB organizations and top college programs to measure:

- Exit Velocity
- Launch Angle
- Pitch Velocity
- Spin Rate
- Pitch Movement
- Strike Percentage

RAPSODO 2.0

Real-time feedback technology that accelerates development by measuring:

- Pitch Metrics
- Hitting Performance
- Ball Flight
- Command Consistency
- Spin Efficiency

BLAST MOTION

Advanced swing analysis that provides:

- Bat Speed
- Attack Angle
- Time to Contact
- Rotational Efficiency
- Connection at Impact

ArmCare+ PERFORMANCE

Science-based arm health and workload management featuring:

- Arm Strength Testing
- Mobility Assessments
- Fatigue Monitoring
- Throwing Readiness
- Injury Risk Reduction

TRAQ

Wearable technology that tracks athlete workload and movement to help optimize performance and reduce injury risk.

- Workload Monitoring
- Movement Tracking
- Jump Analysis
- Velocity Tracking
- Recovery Insights
- Performance Trends

SWING AI

AI-powered swing analysis that provides instant, objective feedback on every swing.

- Swing Path
- Swing Plane
- Attack Direction
- Hand Path
- Timing & Sequence
- Consistency Score

TRAIN VR

Virtual reality training that improves decision-making, timing and mental reps in game-like scenarios.

- Reaction Time
- Pitch Recognition
- Situational Hitting
- Mental Repetition
- Confidence Building
- Performance Under Pressure

WHY WE INVEST IN TECHNOLOGY

At Engaged Athletics, technology doesn't replace coaching—it enhances it. Our coaches use objective data to build individualized development plans, monitor progress throughout the year, and help every athlete train with purpose.

By combining elite instruction with professional-level technology, our players receive the same type of feedback them to improve more efficiently while staying healthy.

OUR COMMITMENT

- OBJECTIVE PLAYER EVALUATIONS
- INDIVIDUALIZED DEVELOPMENT PLANS
- MEASURABLE YEAR-ROUND PROGRESS
- HEALTH-FOCUSED TRAINING
- TECHNOLOGY USED BY MLB AND NCAA PROGRAMS
